SIZING US UP: IT'S THE QUALITY NOT THE QUANTITY THAT COUNTS AT CHS

In designing our yearbook, there were many things to consider and work on. Not only designing the pages themselves, or the other endless details, but one single important thing. A theme. It's the one thing which ties the book together and gives it unity. Now, you could think of many themes to use, such as, memories, friendships, etc. But we wanted something that describes our school and our year. So we came up with something about Covina High. It's size. Our student enrollment isn't quite the size it used to be. However, its size has nothing to do with its spirit, which is still going strong. There have been a couple of changes, though. Our changing from Sierra League to Montview league for one. But another important change has been in yourselves, the students. Students now have a bigger group of friends. More people know each other. There is a feeling of closeness. A sense of belonging with the school, not just being in it. And it is here that we realize that what we lack in quantity, we definitely make up for in quality.

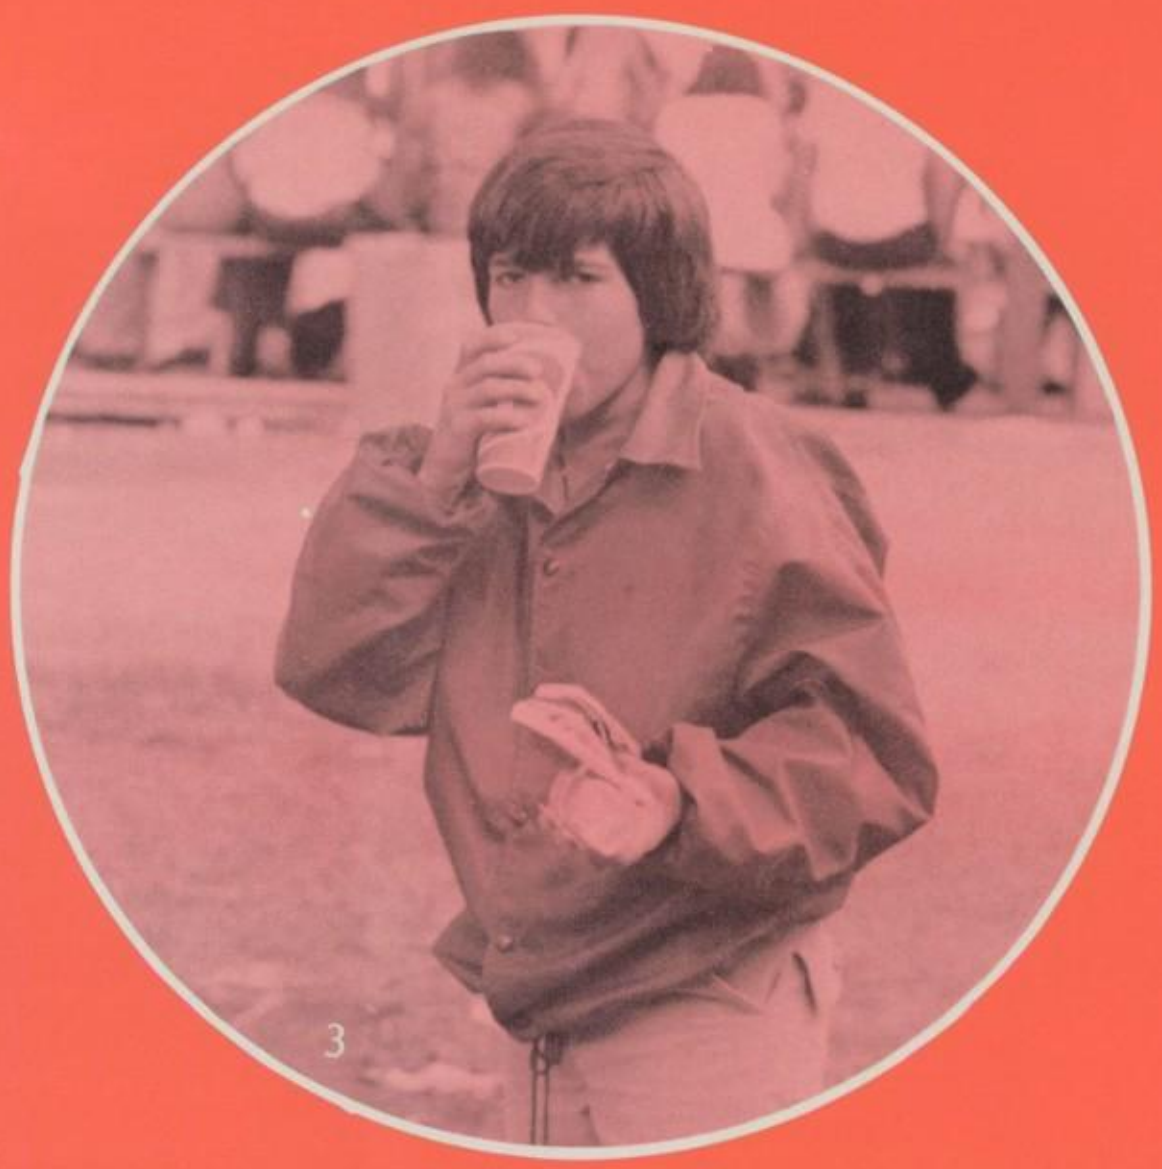
1. George and Mike discuss last nights game during lunch.
2. Shown here is an example of what one of Covina's hamburgers can do to you.
3. The food from the snack bar remained a favorite to the freshmen and sophomores who weren't permitted to leave campus during lunch.
4. 75¢ buys a colt express which basicly consists of a hamburger, fries, and a shake. Many colts enjoyed the express including Dana Roth and Roxanne Crapp.
5. Even with all the different food offered in the cafeteria, some, such as Scott Lane like the trusty brown bag from home.
6. Lunch period is a favorite time to catch up on gossip or to discuss current events.

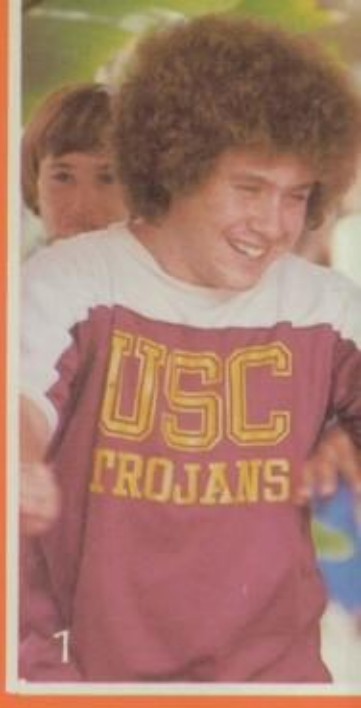


THE LUNCH BUNCH

When the lunch bell rings the majority of colts head for the cafeteria where a wide variety of food is offered. There is the Colt Express, Tray Lunch and a big choice of food at the snack bar. If the cafeteria food doesn't excite you, and you're a junior or senior you are allowed to leave campus. Many upperclassmen did just that as Arby's, MacDonalds, Taco Bell, Jack-in-the-box, and Carl's Junior did big business from Covina Colts.

GETTING IT ALL TOGETHER

Involvement. That could be anything from being A.S.B. President to spiritedly cheering at a rally or game. But whatever the extent of involvement there are Colts doing it, and having the time of their lives. . . But then isn't that what Covina High is all about?



1

1. Bob Nyholt, Steve Clark, Mike Bossard, Gary Nettles, and Marcus Castro clown around before going into the rally.

2. The Covina drum corps did much to get the spirit going at rallies and games.

2

3. Performing to music is one of the activities of the songleaders. Head songleader Teri Vanderstaay frequently was seen performing at the rallies.

4. At every home game the Colossal Colt Band performed. Here Paul Titus plays during Homecoming ceremonies.

5. Each year 14 active junior girls are chosen to serve as the Daisy Chain for the seniors to march through during graduation. Shown are Sue Dawson, Sue Reed, Sandy Armes, Tammy Sheetz, Barbara Castillo, Mary Rawe, and Sharon Frutos. Also Sue Bell, Lorraine Grijalva, Lisa Concialdi, Jan Papez, Stacey Ellingsen, Heidi Shoemaker, and Renee Leturneau. The Flower Girls were Vicky Bussey and Ellen Hedani.

THE BLAHS

It happens to everyone at one time or another. You wake up hoping to see a clear blue sky but instead find a gray, dark day. From then on, the blahs take over. You come to school without your lunch money (your last meal was two days ago), and your locker is jammed. Three out of five teachers hand you tests which you forgot to study for. On and on it goes all day and just when you can't take anymore, you're home! Ahhh. . . relaxing by your stereo listening to your favorite album. If only you could do this all day.

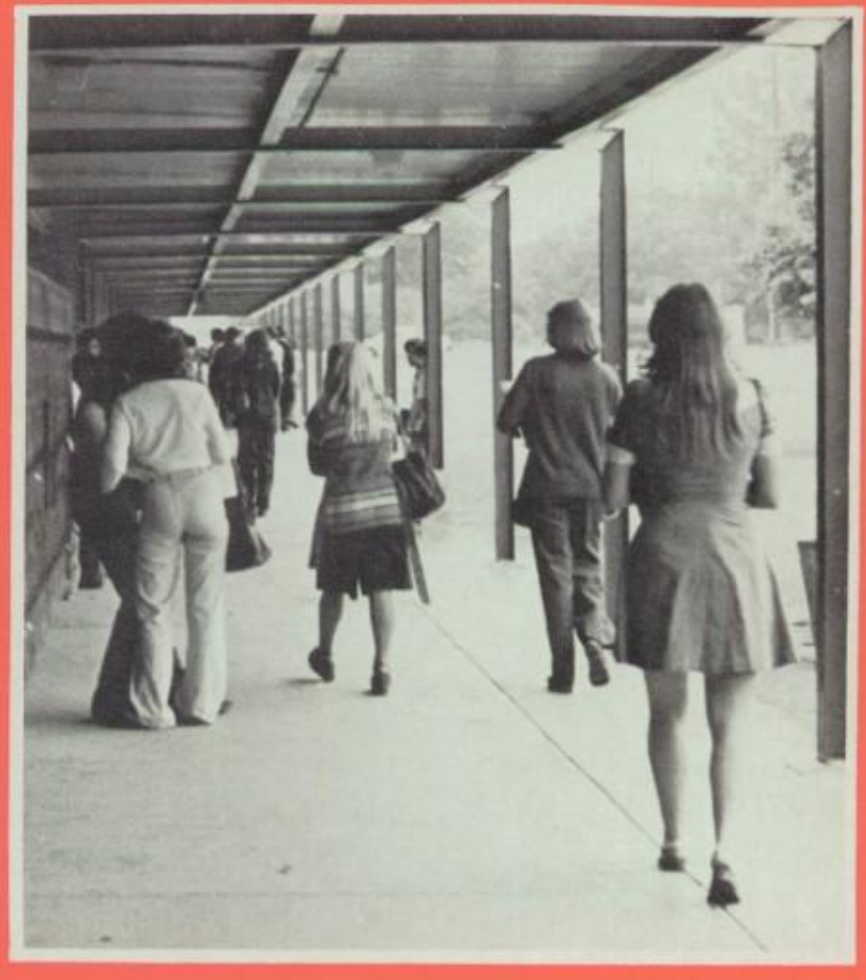
1. Usually a happier person, Doran Patten sits quietly during lunch.

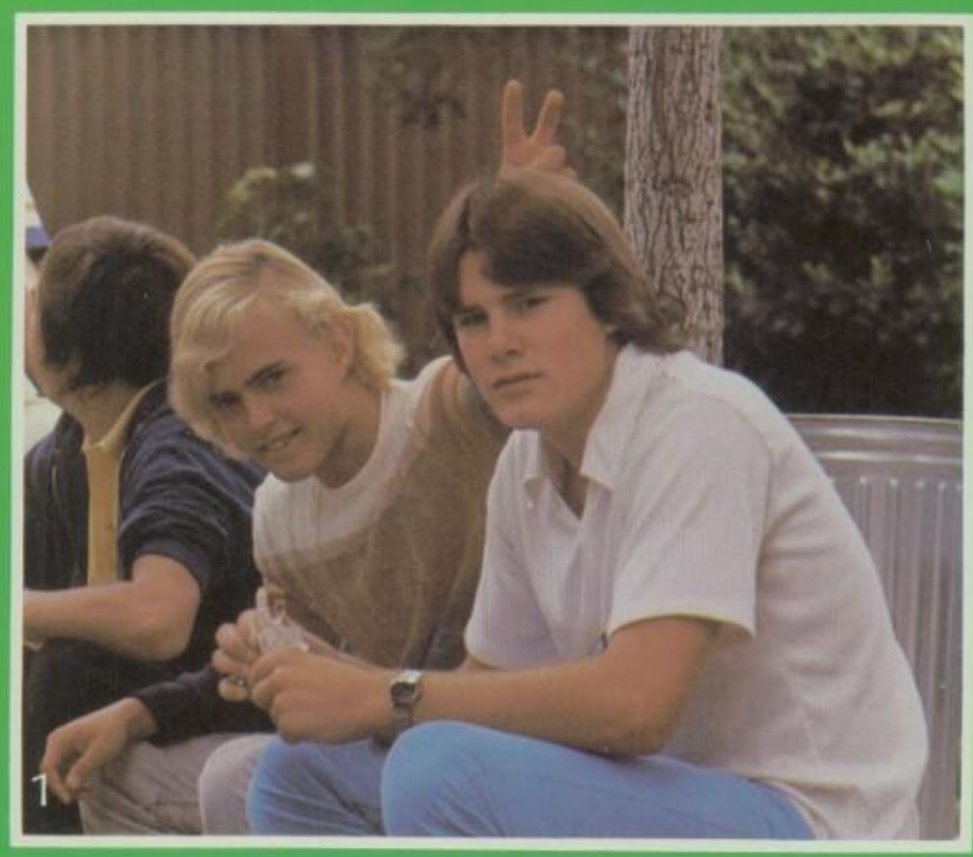
2. With a look of determination on his face, Karl Umaguing walks briskly to his next class.

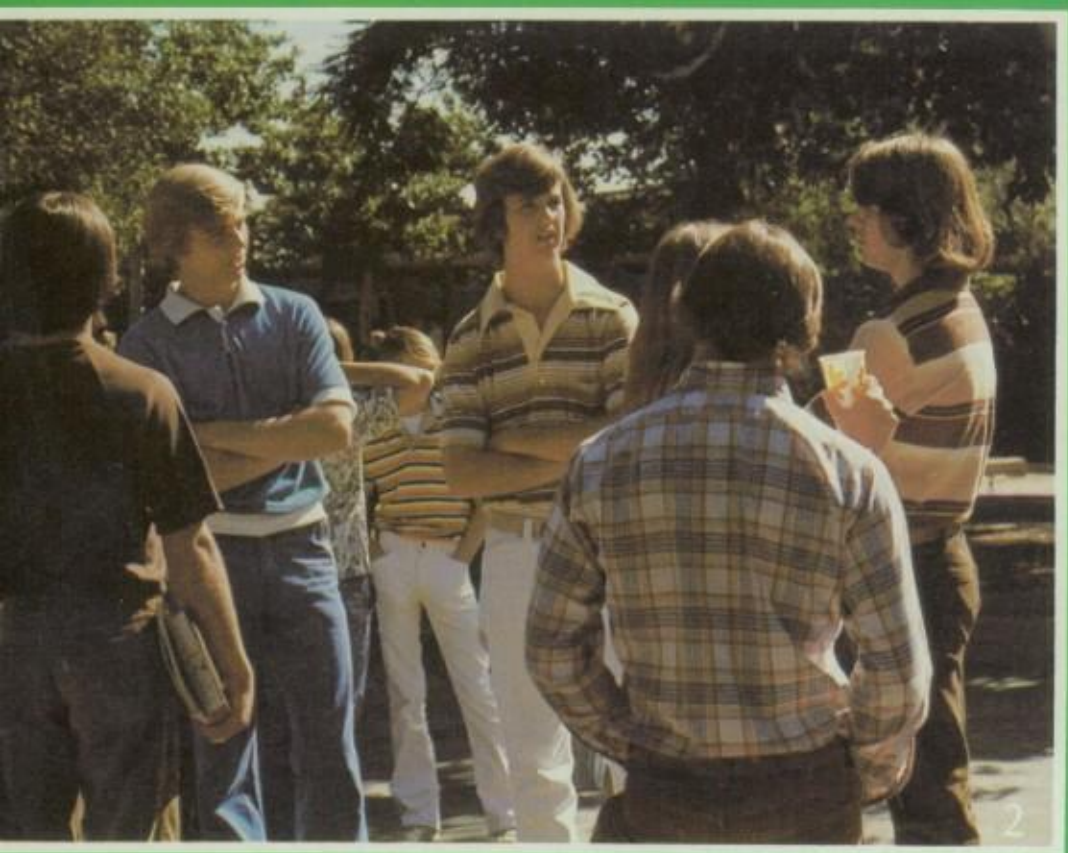
3. Contemplating his deep thoughts, Marty Gutierrez sits on a bench to escape from his tiring classes.

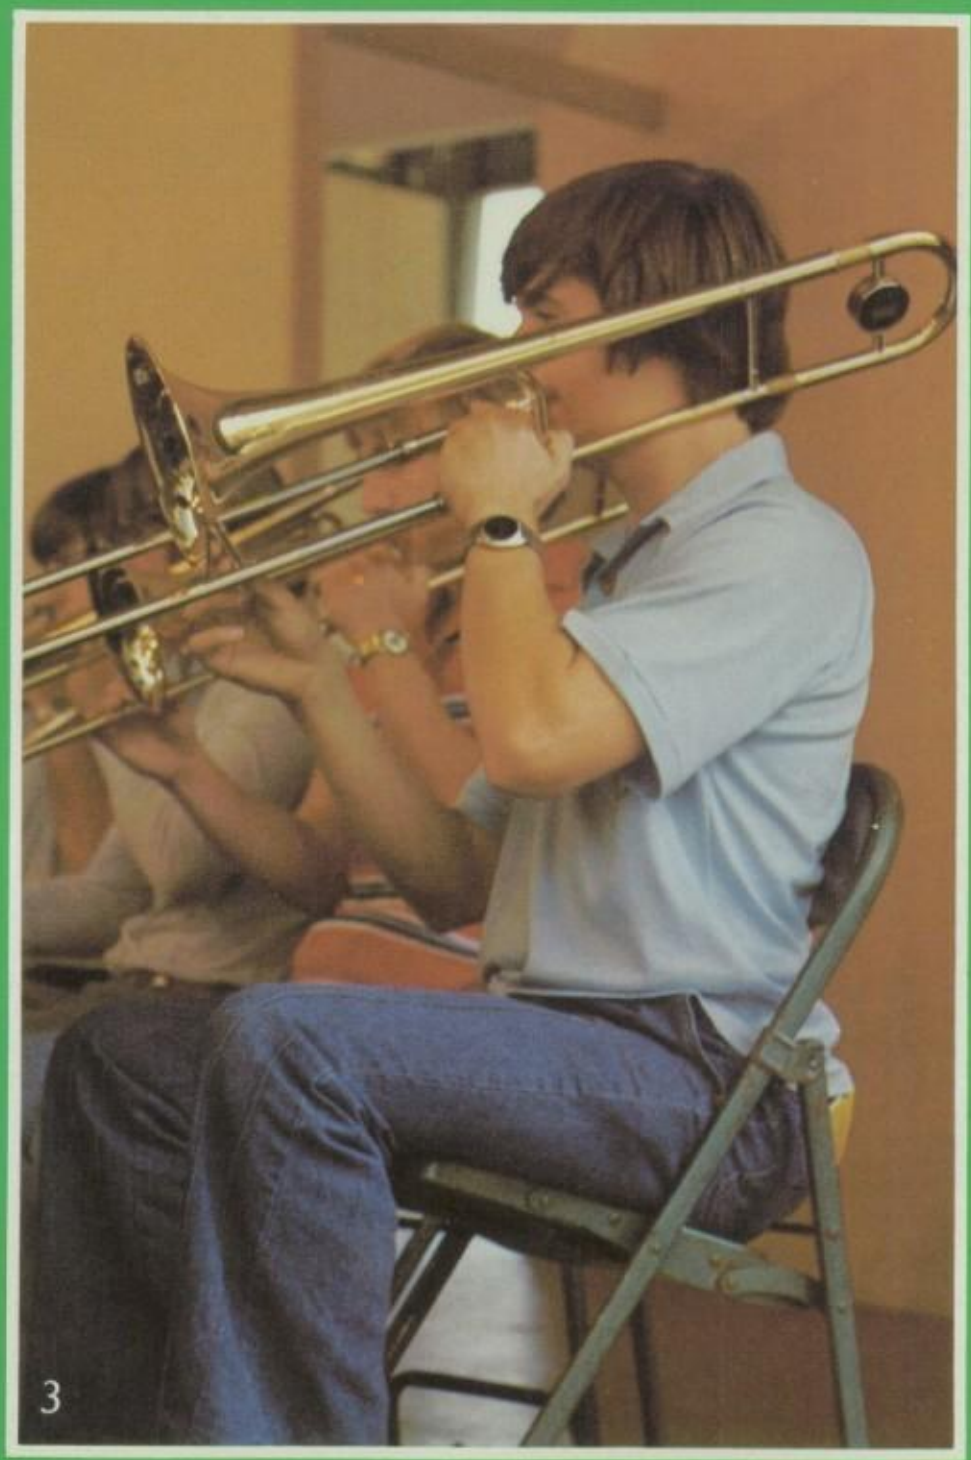
4. Alone and looking forlorn, a single bike waits for its owner after a day at school.

5. To some students, walking to class can immediately set off a case of the blahs.









1. Displaying one of his many talents, Mike Taylor uses Tom Sjoberg to combat his blahs.

2. Talking things over with friends during brunch and lunch helps to add variety to a routine school day.

3. Giving off sounds of music lets Mike Salamone be creative and involved.

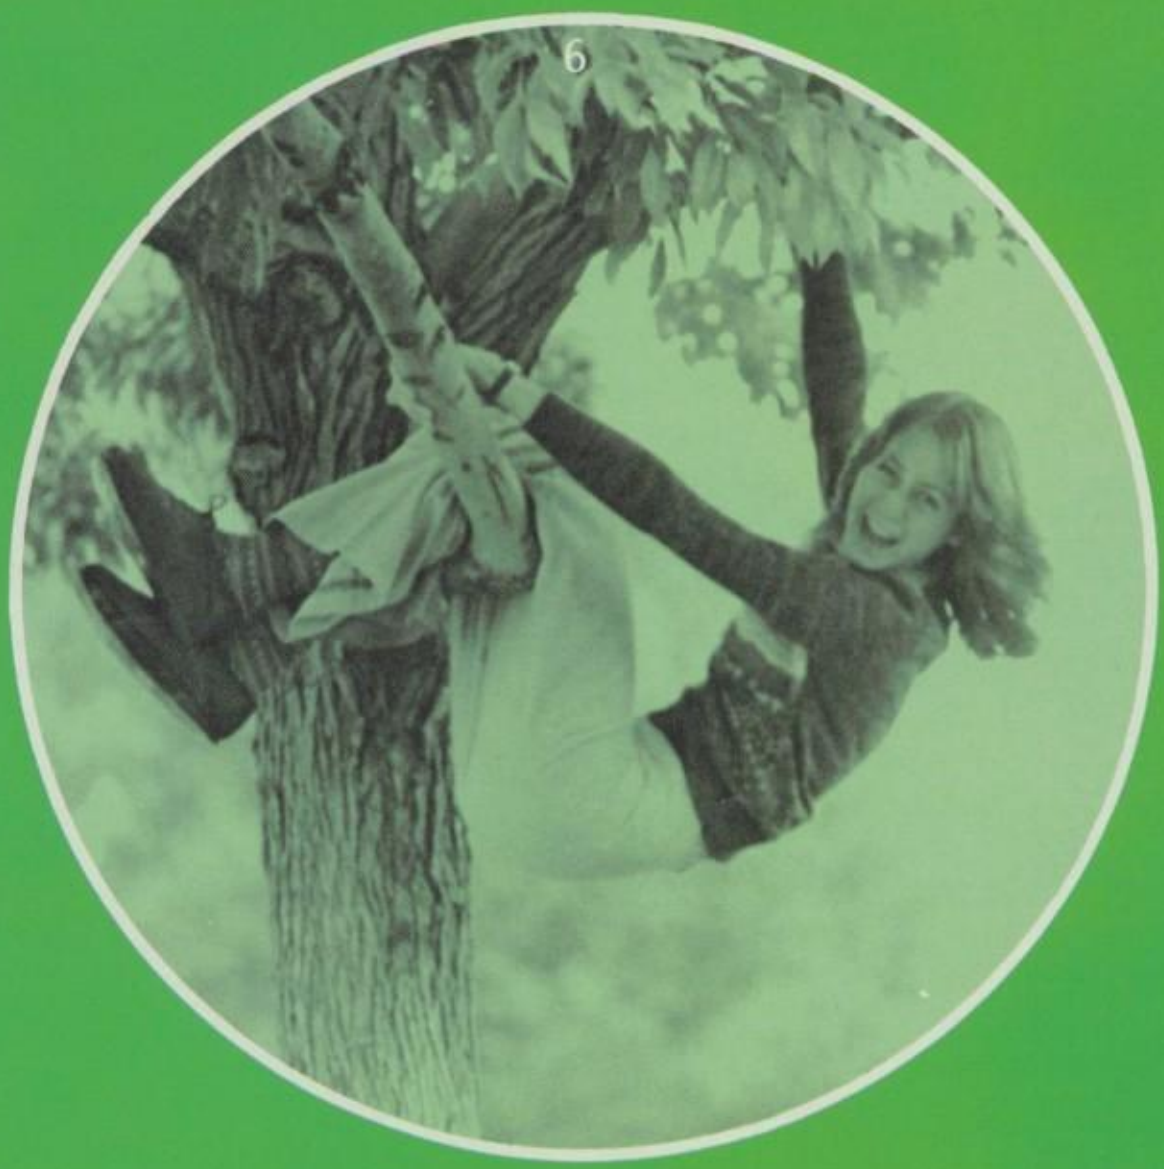
BEATING THE BLAHS

After you have experienced the depression of a case of the blahs, you can be relieved to know that there is a cure. There aren't any pills or shots to take, but by using your own imagination, you can fight off the blahs. Some students have found that by joining a club or organization, they can build up their resistance. Others feel better just talking with their friends. But then, there are the ones who beat the blahs by putting others in trash cans or hanging from trees.

1. Carrying off Jeff Seekatz and putting him in a trash can is a unusual way of breaking up the monotony.

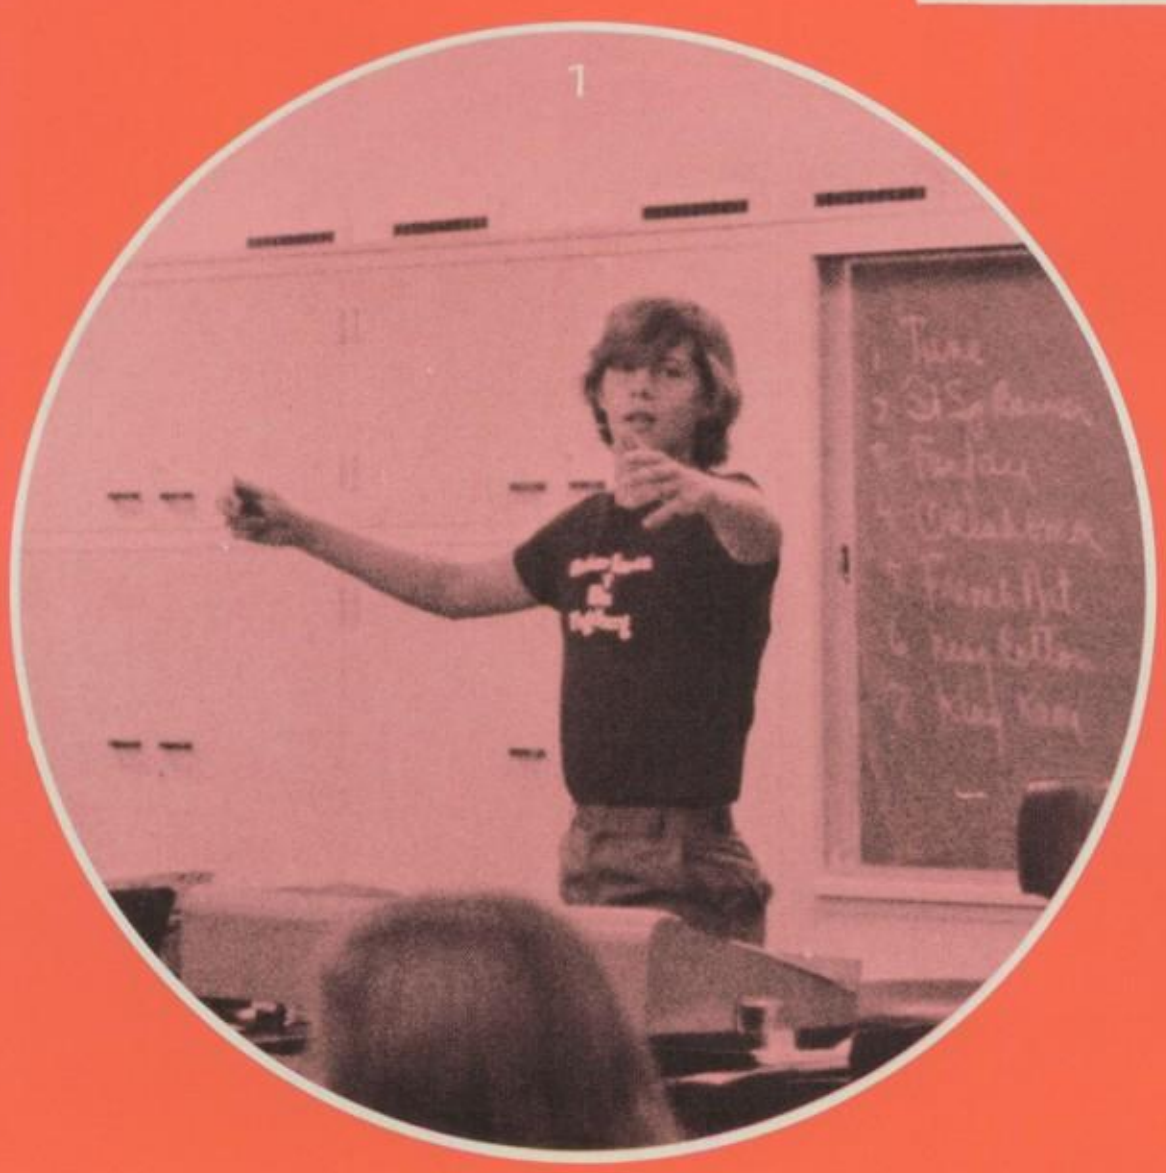
2. Wearing a pointed hat to school helps Lorraine Webster get involved with rallys.

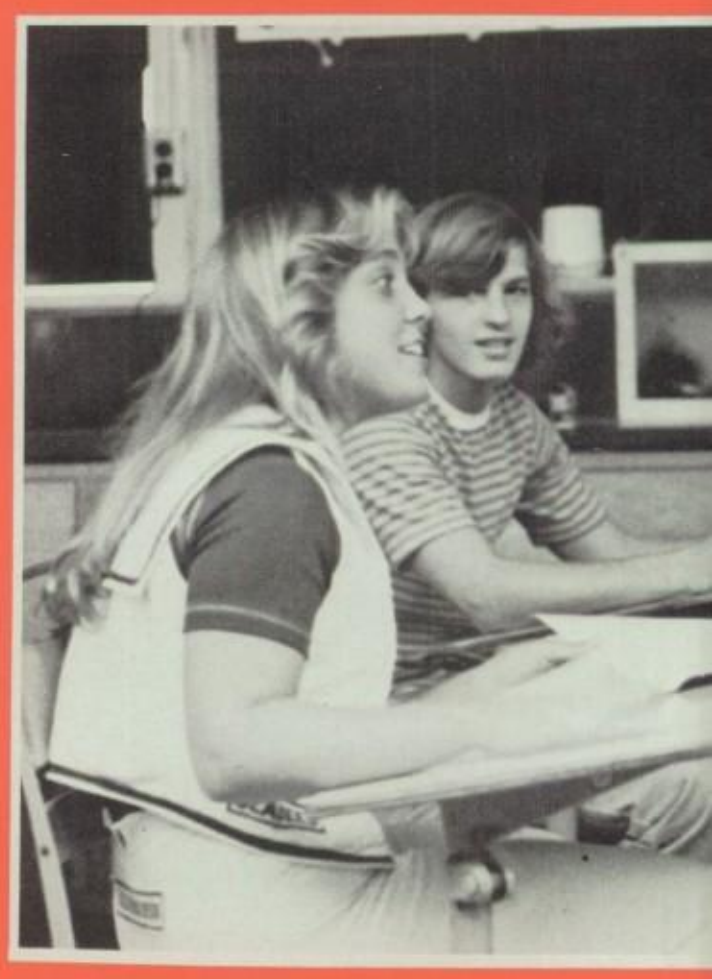
3. Although usually a more conservative person, Laurie Dabrowski takes time to clown around during lunchtime.

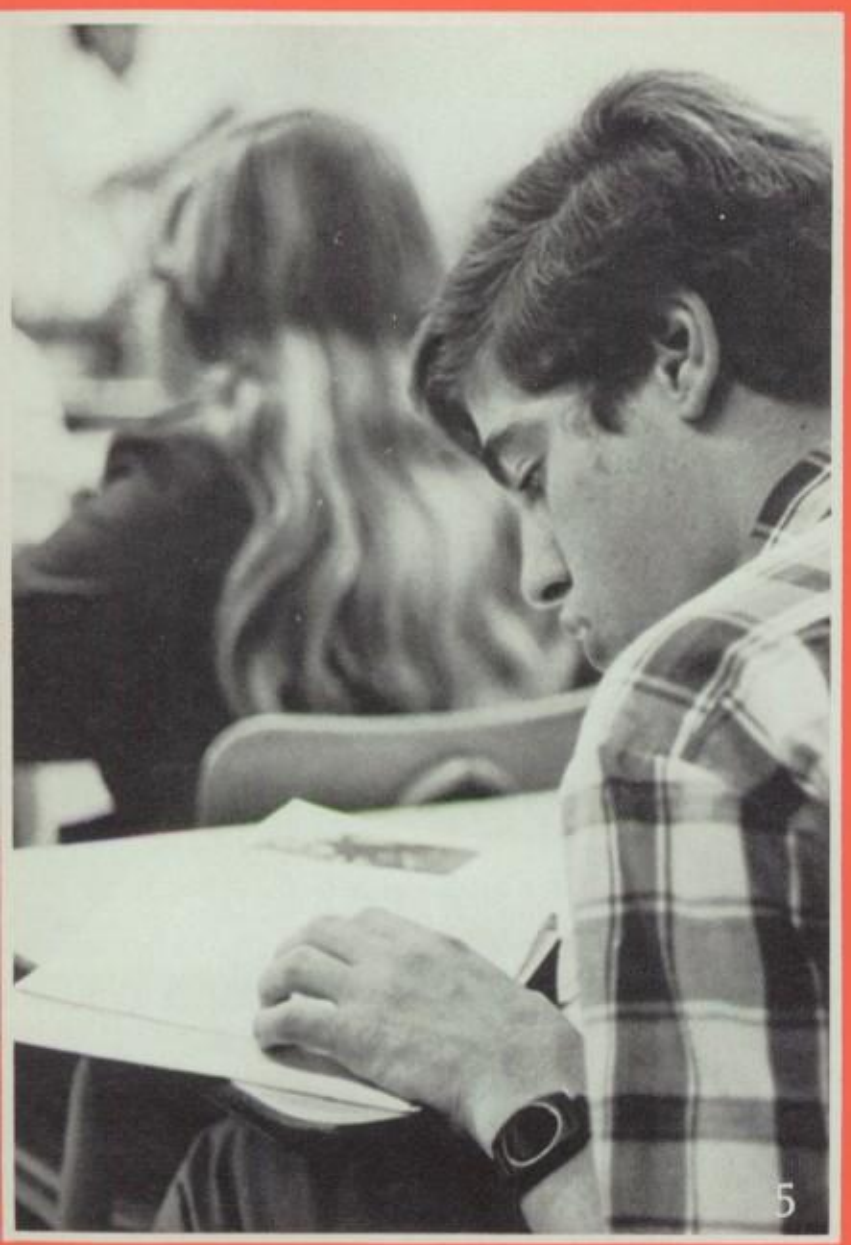


THOSE 55 MINUTES

The most important part of the school is in the classroom itself. It is here where the learning takes place. It is also here where many other things happen. Meeting new people, renewing old friendships, having different teachers, being frustrated, bored, happy, or scared. These and more can make up some of the feelings that you can experience in a classroom. From the very first day in a class to the long-awaited last day, feelings change constantly. Some have found that classes which seemed to be the worst on their schedules can turn out to be the best. However, some have found, to their dismay, classes which never quite made them happy. Whatever the case may be, those 55 minutes will always make up the school itself.







1. Using his musical talent, Scott Klair strives for perfection.

2. Being tired or bored in class can happen to anyone at one time or another.

3. Not always totally interested in history, Cathy Melgaard directs her concentration elsewhere.

4. Talking and laughing during class always seems to be much better than studying.

5. Taking his work seriously, Joe Monaco does his work in class.

6. Listening quietly during class, Doug Croot plays close attention.

COVINA COLTS BID SIERRA LEAGUE ADIEU

As in most high schools, sports played a large part in the lives of the Covina Colts. This being the last year we played such schools as South Hills, West Covina, Edgewood, La Puente, and Los Altos, it was important that we have a good showing. Our sports record wasn't a dissapointment. All the teams did well, and basketball and baseball did an especially fine job. The girls' teams had an excellent season too. Because of shrinking enrollment the Colts will try their skills on the Montview league next year.

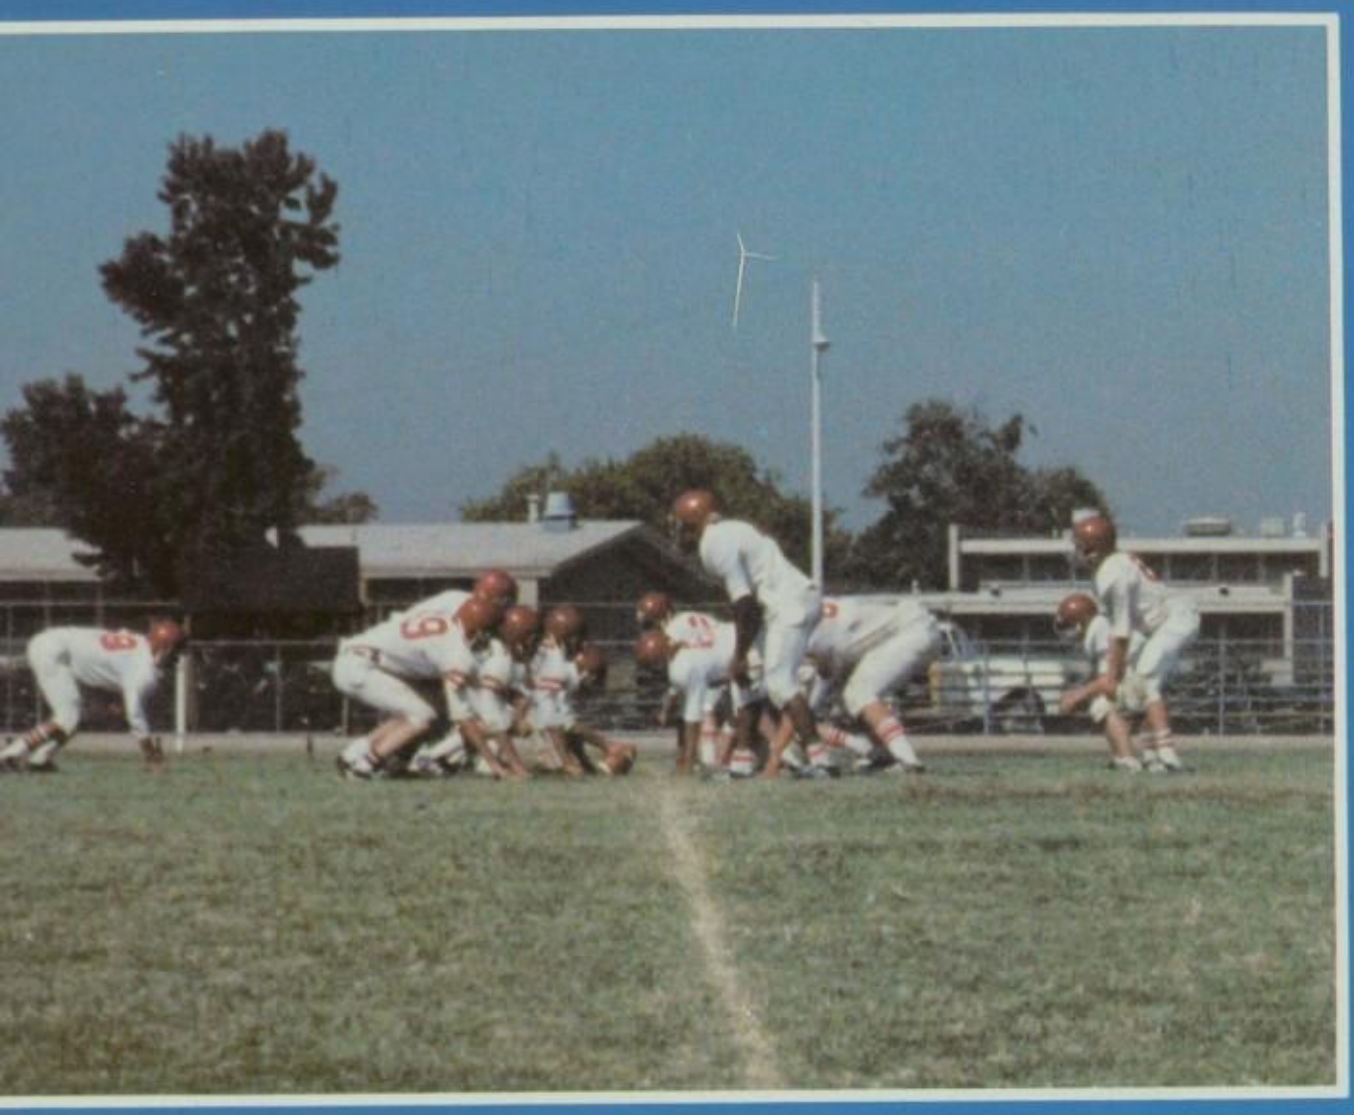
3. The volleyball team made a good showing in league standings.

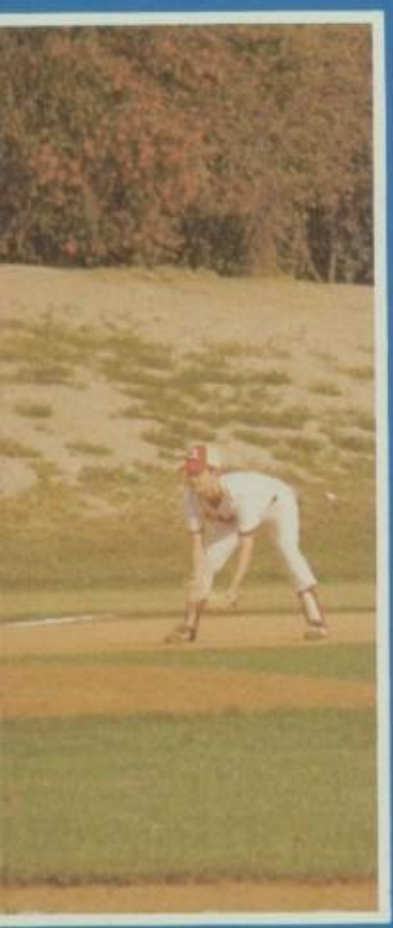
4. The ability to field well is one of the skills that make a winning baseball team.

5. As Jeanette and Anne watch, Judy Madden winds up for the pitch.

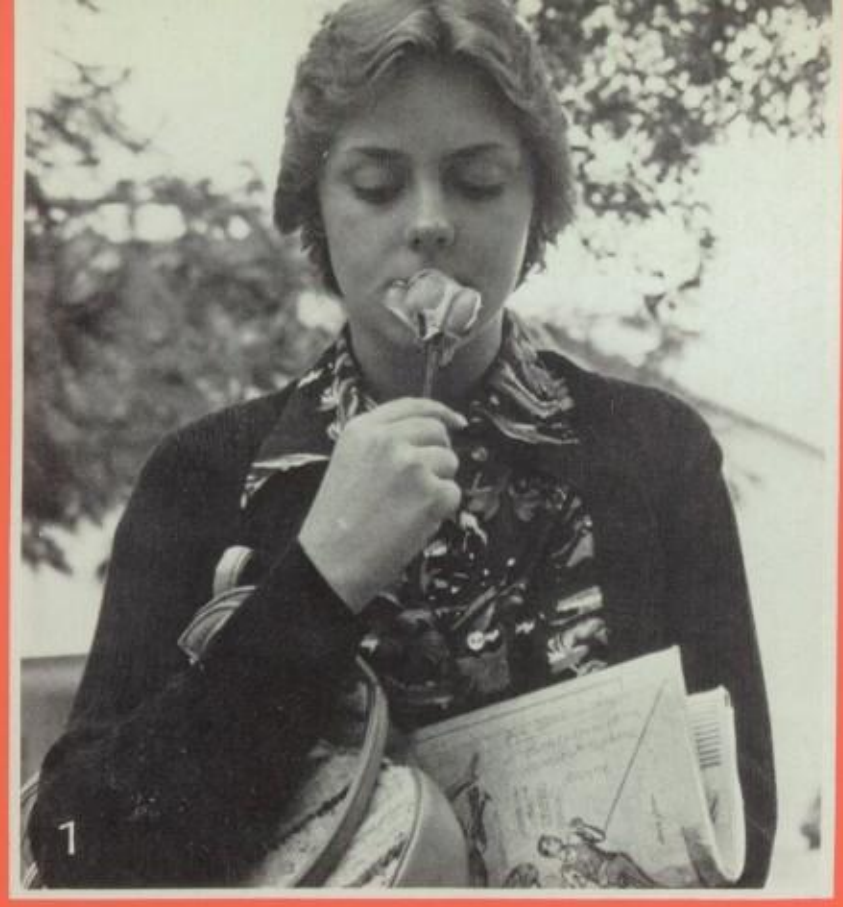


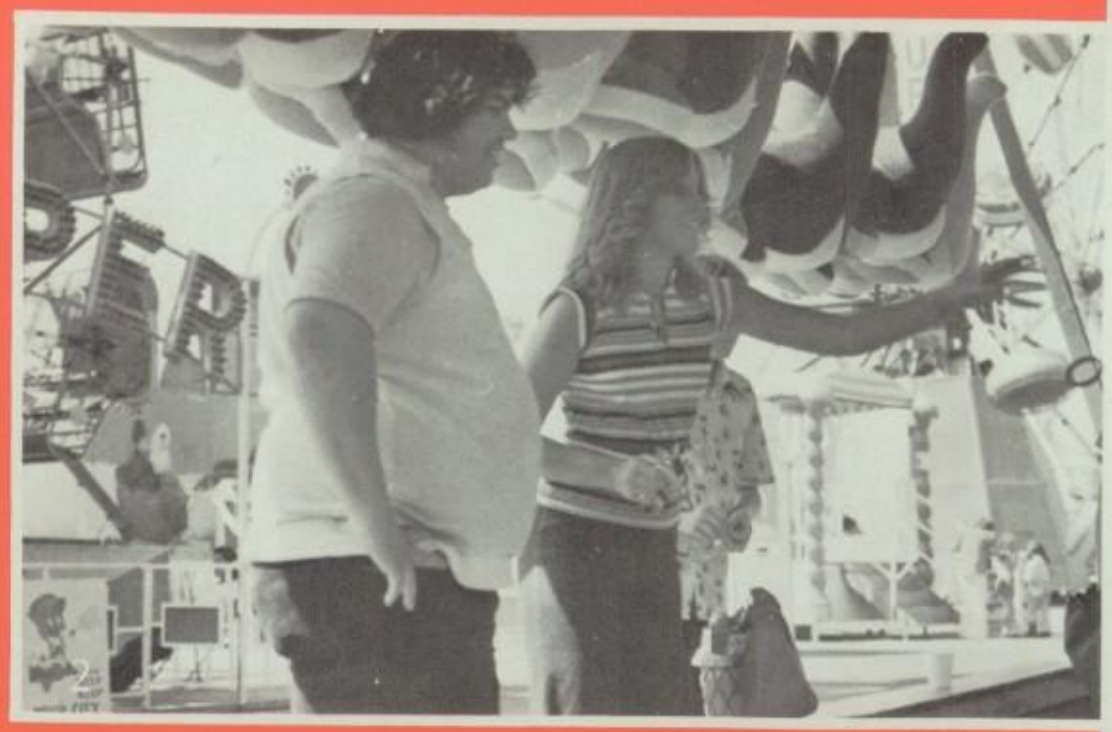
1. Gary Cuellar strives for more space in the long jump.

2. Many hours of practice were put in by the football team as was evident by our much improved team.



5





1. Cathy Zorbo takes time out from her busy schedule to enjoy the fresh smell of spring.

2. Tammy Sheetz and Bill Rodriguez were among the band members to attend the annual Pomona fair.

3. While many movies were popular with the Colts, Star Wars was one of the most viewed by all.

4. A common sight after school was poster painting by the rally stand.

5. After school a few people stayed awhile to talk before going home to homework.

6. Drillteam head Roxanne Relock shows a couple of Rhythemettes a new routine.

7. Campaigning for student body office was hard work for those who ran and their supporters, Cheryl and friends display rally tags.

AFTER THE LAST BELL RINGS

After school is a time for everything from attending meetings or relaxing with friends to doing homework or going to that after school job. But the most looked forward to time is Friday and Saturday nights, when Colts were seen attending games and dances. Favorite off campus activities were the movies, the fair, and ever popular parties.

NEWSPAPER

COLT COURIERS

Every Friday 17 students put together a newspaper dedicated to Covina High's students titled the Cardinal and White. Each week the Cardinal and White is filled with exciting information, expressed opinions, star-studded sports, and humorous editorials. The editors, Daylanne Johnson and Jeff Wheeler, head up the organization of the newspaper along with their co-editor Mary Margaret Rawe. The newspaper would not be possible if it weren't for the tremendous help and dedication that Mr. Bachman and Mr. Clarke give to the staff and school each week and each year.

COLOSSAL COLT BAND

ALRIGHT NOW

One of the most spirited groups on our campus is the Colossal Colt Marching Band. As they march onto the field, ready for a half-time show, they are seen as one unit with one goal; to provide music for all listeners. Drum Major Scott Klair leads these performers in various competitive parades. By returning from competition with awards of their performance, just proves that these musicians are proud to be in the band. From the triumphant "Fanfare" to the sounds of their favorite, "Alright Now", their talent and dedication are undoubtedly impressive.

PEP, JAZZ AND COUNCIL

ORGANIZED MUSIC

What group can be seen at rallies and at sport events, arousing the crowd with their music? It's the Covina Colt Pep Band. The members of this select group are chosen by their spirit and talent. Working together they provide entertainment for everyone. The Pep Band is famous for cheers such as GO-COLTS-GO and the COLT KICK.

The Triad Council consists of an elected cabinet and select council made up of the first chair players. The council meets in the "GREEN TEEPEE" to plan major fundraisers such as the Mid-Winter Concert.

Even though this organization has only been in existence for a few years, they have become a highly regarded group of musicians. The talented Bill Rodriguez acts as student leader of the ensemble.

LEADERSHIP

The A.S.B. Council, advised by Mr. Charles Murcer, strove to improve our school. They attended leadership conferences along with the other Sierra League high schools to discuss problems and gather valuable information. The controversies of mandatory rallies and commencement exercises were brought into committee to arrive at a compromise. The council members themselves go through a political experience to show their willingness to be involved and also to prove their responsibility.

LETTERMEN AND CENTAURIANS

ORGANIZED SERVICE CLUBS

The Lettermen's Club consists of Colt athletes who have joined together to raise money to purchase needed athletic equipment. While wet sponges flew through the air, the Lettermen managed to wash many awaiting cars at their fall car wash. Advising the Lettermens' Club is Mr. Ray Wilson and the club's president, Kent Hargrave.

Led by President Ray Visco, the Centaurians aim their interests toward the school and the outside community. This energetic group is just begging for things to do. In the past they've worked with other community groups and have busied themselves with school fundraisers. They hope to continue this type of involvement in the future.

GEORGE AND JOYCE SHARP

MESMERIZING THE MIGHTY COLTS

Returning to our school was the sensational duo of George and Joyce Sharp. The Sharp's performance is made up mostly by using the art of suggestion, better known as hypnosis.

When they performed they had some of the mightiest Colts doing things from Sharon Frutos molding the perfect man to Dave Zak's pay toilet, Cathy Sorbo talking to some friendly martians and John Fehr burning his "@#*!"%" (rear), and even involving the audience in some things such as finding their parents, teaching their selected students to dance and even finding a movie star in our own gym!

Although these Colts were unaware of what was happening the audience had some of the "best" entertainment seen around.

VARSITY WRESTLING

COLTS COME CLOSE

The 1978 varsity wrestling team came very close to a League Championship. The Colts were, up until the last match, undefeated.

The team consisted of many fine individual wrestlers but as Coach Haygood stated, "this is the most solid team Covina has ever had." The Colts made many fine accomplishments this year by defeating teams that Covina has never beaten in the past, but most important of all, the Colts established a name for themselves as winners.

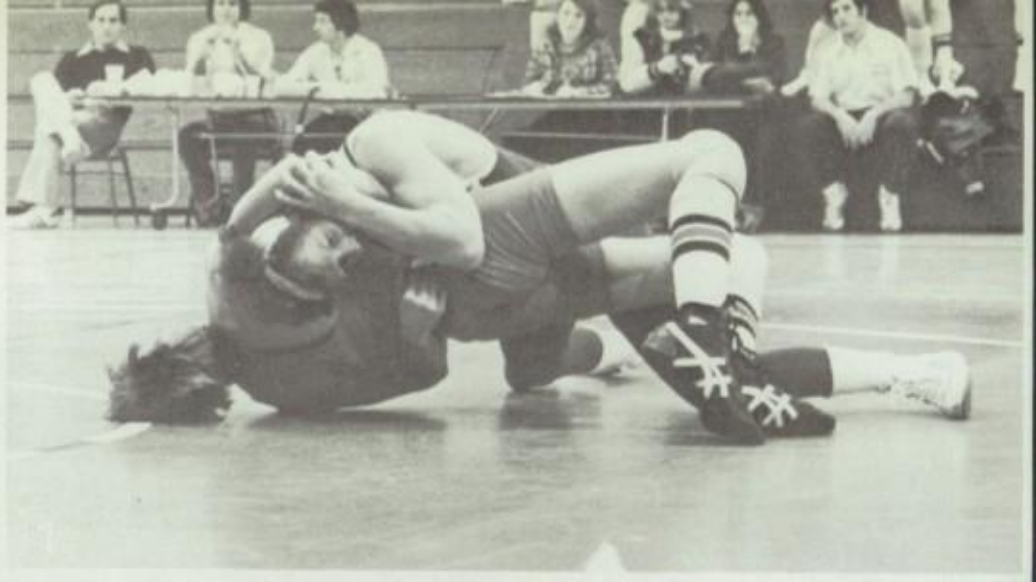
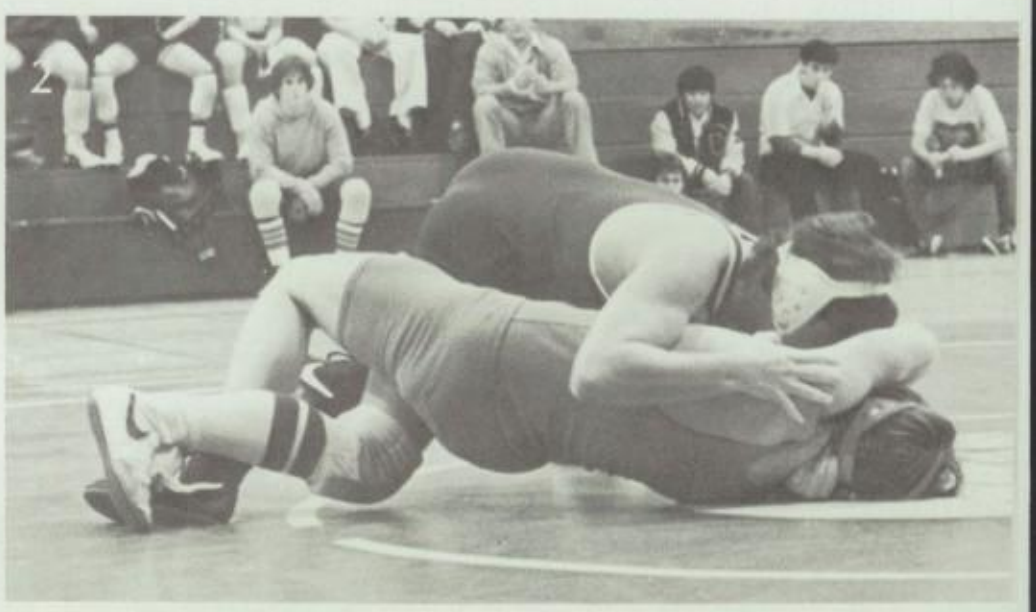
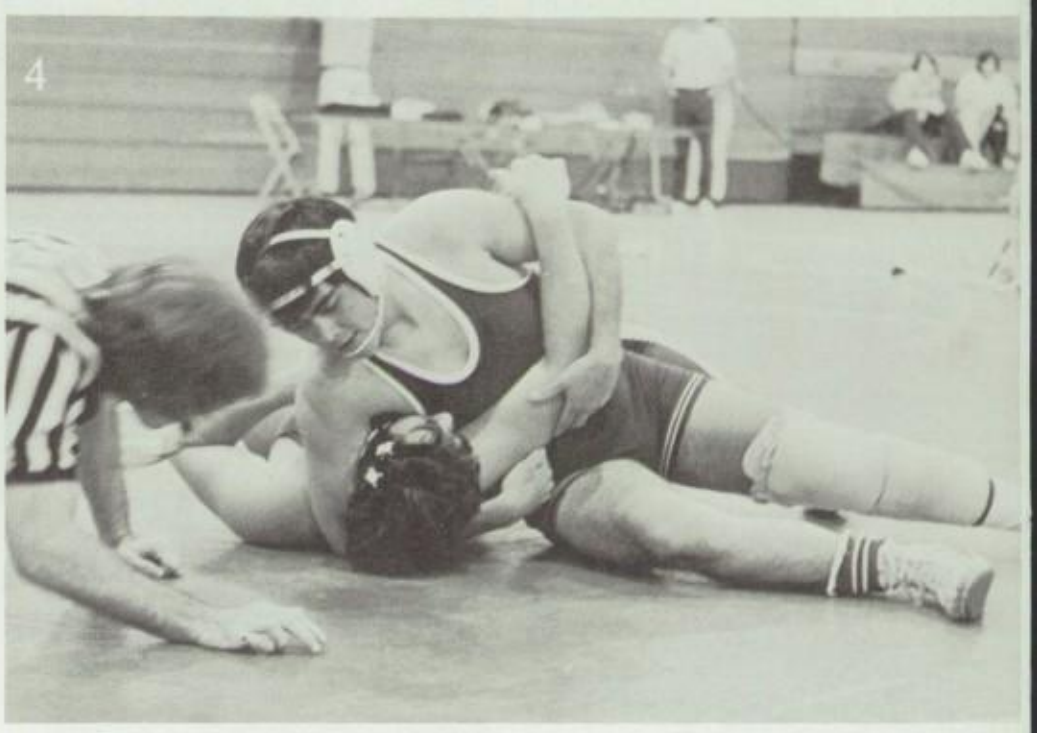
J/V AND F/S WRESTLING

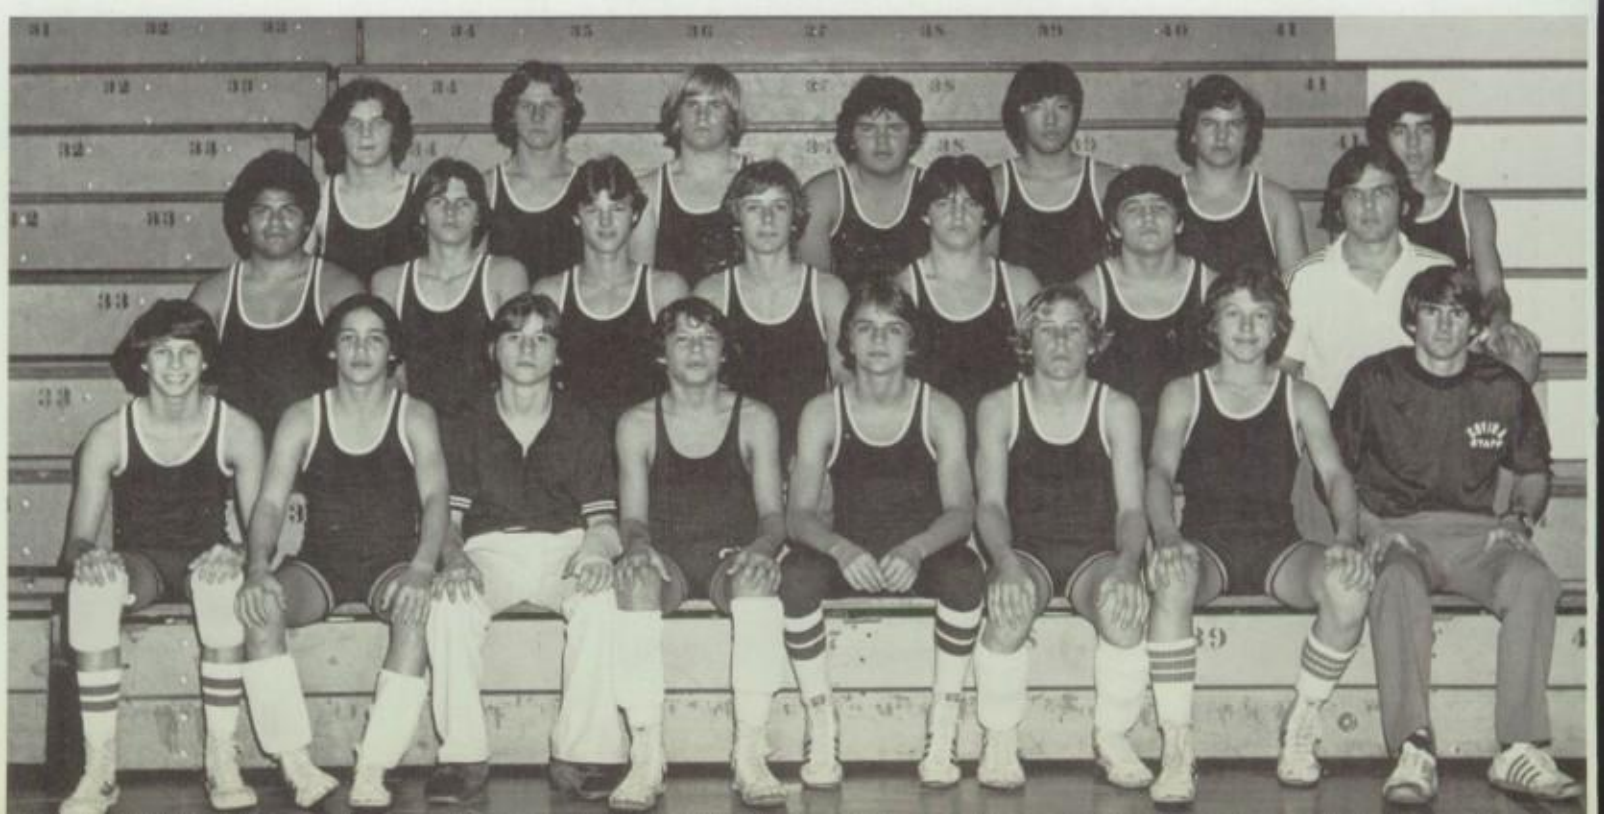
TOUGH SEASON

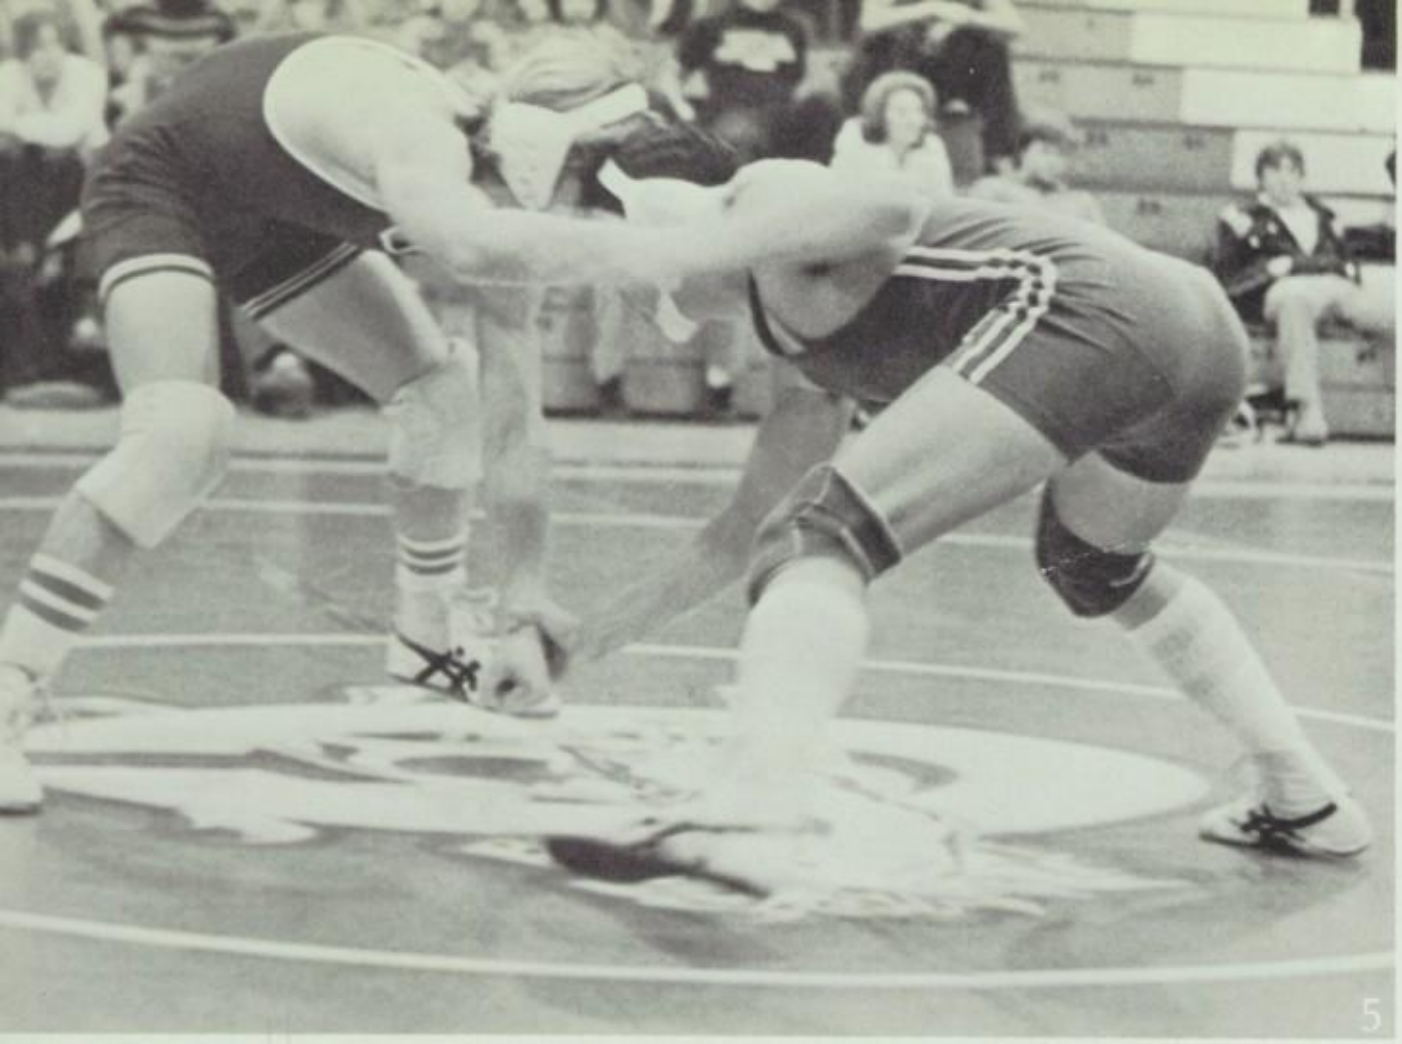
The J/V and mostly F/S were lacking in team experience this year. Out of the entire F/S squad there was only one returning sophomore, and the rest were all freshman. This was a great disadvantage for the Colts, due to the fact that other teams were made up of mostly sophomores, who had a slight edge in experience over the team. The J/V team's problem however was not in experience but in quantity. Like teams in the past, the J/Vs just didn't have enough members to fill the spots and this would provide six points for each weight forfeited. Overall the lower levels have great potential and should do good in the future.











Team Picture, Top row: Doug Robison, Bob Whittington, Don Hodges, Bob Madrid, Ken Kenoshita, Mantz Sinky, Richard Miranda, Middle row: Robert Gonzalez, Mike Hamilton, Mike Gough, John Dawson, Ben Cossette, Tony Loggins, Coach Zukowski, Front row: Ron Drown, Kurt Schnieder, Laron Daffin, Bob Drinkal, Jim Seekatz, Kyle Kirkman, Al Sparks, Coach Terril Haney.

SENIORS

This year the class of '78 has some distinctive differences from classes of previous years. We are the 1st senior class to have our all-night party at the magical Disneyland. We are also to have a very selective graduation. It will be invitation only. This is also the 2nd year in a row that the fabulous class of '78 has had the most spirit points. The last distinctive measure is that "We are smaller in numbers, but we are BIGGER in stature!"

JUNIORS

79 IS DOIN' FINE

Setting a goal for some to look towards and bringing back memories for others are a few things the juniors accomplished.

With Bob Casper leading the way the junior class council worked very hard to raise money for the Junior-Senior Prom by selling victory ribbons and having a sucker sale.

All-in-All the class of '79 shows great hopes for the future.

PRACTICE PRACTICE PRACTICE

This is the case at the years end when new cheerleaders, drill team, and tall flag hopefuls try out for next years units.

The pep band practiced new songs for rallies and games as they and the attached units were the backbone of Covina's spirit. Everyone's practicing paid off as the pep units, band, and drum major Scott Klair all placed in various competitions during the year. In addition, the spirited tall flag unit won first place in Arroyo state competition. Judging by all the year end work, next years units look to be as excellent as the 1977-78 school year units were.

BEGINNINGS AND ENDINGS

June brings two long awaited events: summer vacation, and graduation for the Seniors. Graduation--the thought brings dreams of the future and memories of the past four years.

Although it may be the end of school for the Seniors, the underclassmen prepare to start a new year by registering for desired teachers and classes. June also brings one obstacle for everyone to tackle, that phenomenon known as FINALS!!

THE
END

For many, closing a yearbook is just as important as opening one. Which is the reason we would like to write about some of the events that helped to make 1978 a special year.

Some students felt pressured by the "Mandatory Rallies" rule. Most looked at rallies from the point of having shorter classes and a chance to leave school for a short time. However, those who attended the rallies had a chance to see hypnotist George Sharp for the first time since 1972, who replaced the traditional All Girl Review in our book.

Another controversy concerned the crowning of 2 queens at the Winter Homecoming, which last had occured in 1964.

Seniors found a few changes in graduation, with the revising of the ceremony and by having their All Night Party at Disneyland.

Varsity basketball played all the way up to the C.I.F. semi finals at the Long Beach Sports Arena.

Money donated by ICC helped to install a new sign in front of the school.

Another important factor concerning all of southern California was the drought which began in 1977 and was predicted to last for almost 5 years. However, the usually heavy and devasting rains brought on by this winter definitely solved the problems.

For those of you who are perhaps wondering why there are measuring tapes on every division page, it goes with out theme. Size. It is meant as a symbol of population.

We tried many new ideas and styles in trying to update the Cardinal. We hope you like them and enjoy this, your book.

We would like to take this time to thank a few people who made our job a little easier.

Mr. John Thomas our yearbook representative. Mr. Giboney and the Gibony staff, Freelance photographer Chris Harp, Roxanne Crap for the cover design, Mr. Hoag for the cover art direction.

A special thanks for our advisor Mrs. Rasmussen who helped us keep our heads through many a crisis and who guided us through the year. Also thanks to our year book staff members who worked overtime to meet our many deadlines.
